

Awesome Data Effectiveness

Brian Vancil

University of Kansas

Introduction

Here is an itemised list:

- The first item.
- The second item.
- The third item.

A Diagram

Here is a diagram:

Fundamental Theorem of Calculus

If f is continuous on the closed interval $[a, b]$ and F is the indefinite integral of f on $[a, b]$, then

$$\int_a^b f(x) \, dx = F(b) - F(a). \quad (1)$$

Conclusion

This is a great poster format!

Want to be more effective with
your data?

When we learn from each other,

we can.
